## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-34 are allowed in view of the Applicant's arguments (see Applicant's Response, filed 12/7/05, p10-11, Regarding the term "Operating System", p 13-14, claim comparison, p14, paragraphs 2 and 3, p15, paragraph 1, p15-16, claim comparison) and the cited prior art of record. The independent claims recite a boot code that provides a menu of applications for the user to select, and upon selection, transparently downloading the operating system associated with the application selection, as well as downloading the application, installing both, and executing both, the operating system being defined as more detailed than "instructions that enable application programs to work on hardware" as shown in Applicant's Arguments (cited above) which, in addition to the rest of the claim limitations, are distinguished from the prior art. For Support, see Instant Specification, p2, lines 6-9, p3, lines 3-9, 18-23, p5, lines 4-18, p6, lines 1-5, p7, lines 6-25, p8, lines 23-30, p9, lines 1-26, p10, lines 20-24. For further support on operating systems, see Applicant's Response, filed 12/7/05, p18-19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
